Basically, yes. He was always the “anti-avatar”, but the exact nature of his relationship to you was less defined early on. We even had a couple endings for Ultima IX as we developed it. Even did work towards both before settling.

Hi, Lord British, quick question. In Ultima 9 when the plot was that the Guardian was kinda an anti avatar, or basically what was left over when we became the Avatar.... was that you're idea all along when first introduced in U7?
